

DNV 2.7-1 Multi-Carrier

COMMON USES: This 4 Compartment Multi Cargo Carrier is designed to safely contain and transport four 550 Gallon IBC Transport Tanks or multiple smaller cargo carrying units. The design allows for easy loading and unloading of filled 550 Gallon Tote Tanks. This package increases the general workspace safety by securing the individual or multiple units during transit. The Multi Cargo Carrier reduces crane and boat time during the loading and unloading operations.
