

100 HP MUD/BRINE ELECTRIC HOPPER TABLE

► COMMON USES

The Mud/Brine Hopper Table is commonly used with high volume centrifugal pumps and mix tanks, normally on offshore rigs and large rigs, to mix mud and drilling fluids.

► TECHNICAL DATA

COMPONENTS INCLUDED

- 8x6 250 Series Centrifugal Pump
- Dragon Seal Saver
- Shaft Safety Guards
- Safety Yellow Coupling Guard
- Tee Manifold For Suction
- Tee Style Manifold With Front Discharge
- All Flanges Threaded With Camlock And Butterfly Valves
- 6" Hopper
- Oilfield Skid With Diamond Plate And Lifting Bail

POWER UNIT OPTIONS

DIESEL ENGINE:

- 173 hp John Deere Tier III Diesel Engine
- Digital Insemination Panel
- 100 gal Fuel Tank
- Nacd PTO

ELECTRIC ENGINE:

- 100HP Explosion Proof 460V 3PH 1800RPM Motor
- 100HP NEMA 7 explosion proof starter
